

Holiday Banquet Notes 2022

The Cape Fear Fly Fishing Holiday Banquet took place at the Founder's Club House. The recently renovated interior was bright with the windows open without curtains. We had approximately 40 guests registered for the event. The tables were decorated by Big Jim's daughter and wife with beautiful large poinsettias. Rick made the name tents which people picked up at the entrance and took to their tables. Their meal choice for the couple were on the back of the tents along with payment option. A continuous power point slide show of fishing accomplishments was on display in the bar area and the dining room. Appetizers were served in the bar area. Social hour ran from 6 PM to dinner at 7 PM.

During dessert Jim White was master of ceremony and presented awards as humorous and thoughtful. Everyone enjoyed Jim's commentary and creativity. His beanie with Christmas lights added a certain flare to the festivities.

The winners each received a certificate acknowledging their achievement as follows:
